There is no article made, that purity is as important in soap. Thousands however, buy cheap adulterated soaps, to save a few cents and lose dollars in rotted clothing. Dobbins' Electric Soap, perfectly pure, saves dollars.

Plants often exhibit something very much like intelligence. If a bucket of water during a dry season be placed a few inches from the growing pumpkin or melon vine the latter will turn from its course and in a day or two will get one of the leaves in the water.

Hereafter the bills of physicians for making post mortem examinations, must be allowed by county commissioners before payment. The law has been changed so that the matter of the allowance is taken from the common pleas court and given to the county commissioners.

The seventeen year locusts, or cicada septendecim, are due this year. The insect is much more harmless than many people suppose, and about the only thing they injure is the fruit trees. The egg that is laid on the leaves of trees drops to the ground and is burrowed into the earth for a period of seventeen years before it develops into a full fledged locust.

An agent of the Metropolitan Life Insurance Co. has been canvassing the town the past few days. Telling among other things, that one of our prominent men carries \$30,000 in his company, which is false. Beware of traveling agents who tell large stories. The Metropolitan had an average expense rate for past 5 years of 38.5 per cent. No more need be said.

Reduction in County Tax Levy.

At their session the first Monday in this month the County Commissioners of Henry county made the following tax levies for the year 1894:

General county fund, 4.1

Bridge and road, 3.3

Sinking, 3.3

Building, 1.3

Soldiers Relief, .2

General ditch, .6

Total, 13.2

This is a reduction of 1.3 mills from the levy of last year, and will make a reduction of about \$8,500 in the collected for county purposes this year, which is good news for taxpayers and speaks well for the Democratic management of county affairs.
